

Docket No. 1101.0112

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

In re the Application of:

Sung-hee HWANG et al.

Application No. 10/765,954

Group Art Unit: 2627

Confirmation No. 2323

Filed: January 29, 2004

Examiner: Tan X. Dinh

For: WRITE-ONCE OPTICAL DISC HAVING UPDATE AREA AND ACCESS AREA (As Amended)

REQUEST FOR CORRECTED NOTICE OF ALLOWANCE AND ENTRY OF AMENDMENT IN RESPONSE TO FINAL OFFICE ACTION OF MAY 11, 2010

Sir:

The Notice of Allowance mailed September 7, 2010, is acknowledged. The Issue Fee and Publication Fee have not yet been paid.

The Notice of Allowance lists the following incorrect title of the invention:

WRITE-ONCE OPTICAL DISC HAVING UPDATE AREA AND
ACCESS AREA.

The error is that a period "." incorrectly appears at the end of the title. The title was amended to read as follows on page 2 of the Amendment of July 12, 2007:

WRITE-ONCE OPTICAL DISC HAVING UPDATE AREA AND
ACCESS AREA

Note that a period "." does not appear at the end of the amended title on page 2 of the Amendment of July 12, 2007, which is the text between the two sets of double hyphens "--". The period after the second set of double hyphens "--" is not part of the title, but is the period at the end of the sentence. The title was amended to delete the period on page 2 of the Amendment in Response to Final Office Action of May 11, 2010, which was entered in the Advisory Action of

May 26, 2010, but the Office did not enter this amendment to the title in the USPTO's computer records for the application.

Accordingly, it is respectfully requested that the error in the title be corrected in the USPTO's computer records for the application, and that a corrected Notice of Allowance listing the correct title be issued.

Furthermore, although the Advisory Action of May 26, 2010, indicates that the Amendment in Response to Final Office Action of May 11, 2010, will be entered, the Examiner did not place a copy of page 1 of the Amendment in Response to Final Office Action of May 11, 2010, marked "OK to enter" in the image file wrapper of the application as he was required to do.

Accordingly, it is respectfully requested that such a marked copy of page 1 be placed in the image file wrapper of the application to ensure that the changes in the Amendment in Response to Final Office Action of May 11, 2010, will be entered and appear in the patent.

Respectfully submitted,

Date: September 22, 2010
